

## **Buffalo Medical Group Adds Colorectal Surgeon**

WILLIAMSVILLE, NY - Bashir O. Attuwaybi, MD, a colon and rectal surgeon, has joined Buffalo Medical Group, PC, after completing colorectal surgery fellowship training at the University at Buffalo (UB) School of Medicine and Biomedical Sciences.

Dr. Attuwaybi earned his medical degree at the University of Alfateh in Tripoli, Libya, and completed an internship at Alfateh University affiliated hospitals. He also received surgery training at Tripoli Central Hospital, and in 2008 completed a five-year surgery residency at UB. In 2006, Dr. Attuwaybi received the Theodore C. Jewett Jr., MD, Gold Star Resident of the Year Award.

He performs screening, diagnostic and therapeutic colonoscopies, and specializes in laparoscopic colon and rectal surgery, surgery for ulcerative colitis and Crohn's Disease, surgery for colon and rectal cancer, surgical treatment of rectal prolapse, and anorectal physiology.

The new BMG colorectal surgeon has considerable research experience including a two-year trauma research fellowship at the University of Texas Medical School in Houston that was funded by the National Institutes of Health (NIH).

He also has authored and co-authored numerous articles and publications for medical journals, and has also participated in medical conferences nationally and internationally.

Dr. Attuwaybi will have offices at 295 Essjay Road, Williamsville, and 3345 Southwestern Boulevard, Orchard Park.

Founded in 1946, Buffalo Medical Group, PC, is among the oldest and largest multi-specialty physician practice groups in New York State and the largest in Western New York. With 90 specialists and sub-specialists as well as a team of 740 nurses, technologists, and other health care professionals, BMG records more than 400,000 outpatient visits annually at its main locations in Buffalo, Williamsville, and Orchard Park and 23 satellite sites.
