

Nephrologist, Dr. Amit Patel, Joins BMG

Williamsville, NY- Amit Patel, MD., joined Buffalo Medical Group, PC, in July, after completing fellowship training in nephrology at the University of Rochester Medical Center (URMC).

Board certified in Internal Medicine and Pediatrics, Dr. Patel's areas of special interest include glomerular diseases (diseases affecting the kidneys), kidney stones and home dialysis therapy.

Dr. Patel earned a Bachelor's Degree in Medicine and Surgery at the University Government Medical College, Surat, India. He completed a four-year residency in Internal Medicine and Pediatrics at the University of Medicine and Dentistry of New Jersey, Newark, NJ, and worked as a clinical assistant professor there before his fellowship training at URMC.

He also has received specialized training to enhance his knowledge and skill in the evaluation and management of glomerular diseases, peritoneal dialysis, in-home dialysis, and kidney transplantation.

During his residency and fellowship training at URMC, Dr. Patel served as a co-investigator for several research projects.

He is a member of the American Society of Nephrology, National Kidney Foundation, Renal Physicians Association, American College of Physicians, American Academy of Pediatrics and the American Medical Association

Dr. Patel has offices at 295 Essay Road in Williamsville, and 85 High Street, Buffalo.

Founded in 1946, Buffalo Medical Group, PC, is among the oldest and largest multi-specialty physician practice in New York State. With nearly 100 specialists and sub-specialists as well as a team of 660 nurses, technologists and other health care professionals, BMG records more than 400,000 outpatient visits annually at its main locations in Buffalo, Williamsville and Orchard Park and 24 satellite sites in Erie and Niagara counties.
