Job description

Physician-led, independent medical group with a best-of-breed management team, outstanding administrative support, and access to capital. Buffalo Medical Group offers opportunities in Primary Care with several locations seeking physicians to join their practice. Each of these practices is well-established and offer significant growth potential. Staffed with caring, compassionate health professionals, these offices seek physicians focused on life-long patient care for diverse populations.

Key Job Features

- Full Time
- Accelerated partner track in private practice
- Competitive salary and benefits
- Mentorship

Amazing opportunity to join one of the leading community-based practices in the country focusing on value-based care

- Work with remarkable colleagues and team culture and practice medicine the way it should be
- Care model focused on exceptional outcomes and experience for patients and physicians
- Spend more time with patients and get compensated not based on the volume of services but on the value and quality of care delivered
- Full partnership track with opportunity to achieve dramatically better compensation in value-based model
- Significant support for practice and professional growth

Primary Care locations include:

- 325 Essjay Road, Williamsville, NY
- 85 High Street, Buffalo, NY
- 3900 North Buffalo Road, Orchard Park
- 6950 S. Transit Road, Lockport NY (Fall 2023)
