z. Buffalo Medical Group Insurance Participation List

Effective 1/1/26

*** Providers NEW to BMG after 1/1/25 may not participate with Highmark, please verify participation status with your provider.

Call 716-630-1185 with questions

In-Network means that Buffalo Medical Group has an established relationship with your insurance company/plan and much of your care and services will likely be paid under the terms of your contract. With in-network providers, your cost shares are typically lower.

Out-of-Network means that Buffalo Medical Group does not have a relationship with your insurance company/plan. You will need to ask your insurance company if they provide out-of-network benefits and if authorizations or pre-approvals are required before you can receive care at Buffalo Medical Group. Insurance plans often pay less for out-of-network services, leaving you responsible for a larger portion of your bill.
